

PORTRAITS - HOW WE WORK WITH YOU

Portrait photography is a true art form, and for you, it will provide you with irreplaceable memories of moments in your life's journey. For this reason its important that we provide you with a proven process to give you the best results from your investment.

Each Stage in our process is outlined below:

Design Consultation:

This first step is probably the most important part of the entire experience. Its the planning process that will define your final outcome. During this session we will:

- Get to know what you want - What is your "dream portrait"?
- Learn a little bit more about you and the others who will be involved. Its always good to explore basic interests, hobbies and things that may be important to include in the session.
- Decide on the location and clothing styles.
- Discuss some of your display options for your portrait art work and inform you of our prices.

The Portrait Session:

This is the time everyone waits for. It is most important to build a really good atmosphere of trust. Its a time of fun - not frustration. That's why you have chosen us to work with you. Our experience in working with individuals and groups including children can bring out your best. Especially if young children are involved, its important to let them have some fun during this time. This session will last approx 1 hour.

The Viewing Session:

Once we have completed your portrait session, the images are post-produced with loving care and attention. When they are ready for viewing, we will arrange a viewing session (that takes one hour or less) to see your final images. At this session:

- You will select your favourite images.
- You will decide how you would like your portrait art displayed - style, size etc.
- You can explore other display options and additional design options.
- You can place your order. For this reason we recommend that all those involved in making the final decision on your image selections are present at the viewing - otherwise the process can be delayed unnecessarily.

The Grand Collection:

Once your portrait art is ready for collection we will advise you and its time for the best part of the process - taking your artwork home to proudly display it.

YOUR INITIAL INVESTMENT?

Our Booking Fee is \$250.

This provides you with the Design Consultation, the Portrait Session, all post-production/creative work and the Viewing Session.

Our print prices start at \$ 75 for a 10" or 12" print.

We'd love to meet you - so we provide our full price list during the initial obligation free interview.
